**8. Přečti si email a následně vyřeš úkoly 8A a 8B.**

This is an email from Ema to her new Czech friend Eliška. Ema is from England and her family lives there. You can see them all in the pictures. There are three photos.

Dear Eliška,

My name is Ema and I want to be your penfriend. I have got three other penfriends. They all live in different countries. Annya is from Hungary, Ursulla is from Germany and Irene is from France. I write them emails and I visit Irene every year. I hope I can visit you, too.

My family is quite big. I've got mum, dad and two brothers. I don't see my dad much because he often works in the USA. I spend a lot of time with my mum. She works in our school. She teaches Maths. I'm not very good at it but I like English and she teaches English, too. My brothers are eleven years old. They go to the same school as me but I am in class nine and they are in class six. We also have got pets. My rabbit Peeta sleeps outside in the garden. My brothers' rats are called Charlie and Simon.

We are very active. We love sports and travelling. Have a look at the photos! In photo number one you can see me, my mother, father and my uncle. We are on the coast in a port called Portsmouth. The thin man with glasses and no hair is not my dad, it's my uncle! The girl standing on the left side is me :-). I'm wearing jeans and an orange T-shirt. That's my favourite colour and also kinds of clothes! I wear these at home but not at school. When I go to school, I wear a red jumper with a white shirt and a black tie. I can't wear jeans or trainers. What about you? Do you have school uniforms, too?

In photo number two you do not see only my brothers but also Ginny and James. Ginny is my best friend. She is fifteen years old so we are the same age. She's got long dark hair and green eyes. James is her little brother. Her family is very friendly. She lives next door to our house so we can see each other every day. Great!

We live near the city centre and you can see the map of our town in picture number three. Our house is on the right, opposite our house there is a library. I always find an interesting book there. The cinema is between the library and a park. The park is quite small but we play there a lot, for example football. Next to Ginny's house there is a post office. On Mondays I go there and buy new postcards. I collect them. Ginny collects stamps. I always give her some when I get letters from other countries. There is a big shopping centre next to the post office. In front of the shopping centre there is a bank. Our school is behind the shopping centre. There are twelve classrooms on floor one and seven classrooms on floor two. Altogether there are about 400 pupils there. How big is your school?

I can write more about my family and me next time. I'm really looking forward to your email or a letter. Please, send me some photos, too.

Yours Ema
